## **UNITED STATES UNDER TERRORIST ATTACK**

### **KAMIKAZE PLANES STRIKE PENTAGON AND NEW YORK CITY WORLD TRADE CENTERS; BOTH TOWERS HIT; ONE TOWER COLLAPSED -- WASHINGTON BUILDINGS BEING EVACUATED**

**By Joel C. Rosenberg, national correspondent, WORLD magazine ([www.worldmag.com](http://www.worldmag.com))**

(WASHINGTON, D.C., September 11, 2001) -- The government and financial institutions of the United States are presently under attack and the country appears to be facing the worst acts of terrorism in U.S. history.

Events are unfolding rapidly:

- \* A plane attacked the Pentagon at approximately 9:40am, causing a huge explosion and massive plume of smoke. The Pentagon's 24,000 employees have been evacuated. Rescue forces are on the scene.

- \* A fire is blazing at the State Department, which is also being evacuated.

- \* The White House is now being evacuated.

- \* The Capitol has been evacuated.

- \* The Treasury Building has also been evacuated.

- \* The President is being evacuated from a Florida elementary school visit and is being rapidly diverted to safety, according to the Secret Service.

This comes almost exactly one hour after two planes crashed into the sides of the World Trade Center towers in New York City leaving massive, burning craters and huge plumes of smoke pouring out of both buildings.

**NEW EXPLOSIONS HAVE JUST RIPPED THROUGH THE SOUTH TOWER OF THE WORLD TRADE CENTER, and the building is collapsing. People tried to jump from the tower as it collapsed.**

The FBI has confirmed that one of the planes that attacked the Twin Towers was a hijacked passenger plane from Boston to Los Angeles.

The FAA has just shut down ALL FLIGHTS all over the country. No planes will be allowed to take off or land until further notice.
