#### Extent

623 folders, approximately 45,410 pages

#### Access

Collection is open to all researchers. Access to George W. Bush Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### Processing By

Staff Archivists, 2019. Previously restricted materials are added as they are released. Last Modified: 09/16/2022

#### Scope and Content

The materials in FOIA 2014-0223-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0223-F requested materials related to records sent to, sent by, or received by President George W. Bush regarding Guantanamo Bay prisoners between January 1, 2002 and January 20, 2009.

This FOIA primarily contains correspondence, court filings, news clippings and press releases, statements and speeches, legislation, reports, fact sheets, routing memoranda, talking points,

charts and presentations all generally dated from January 2002 through January 2009. Specifically, correspondence includes letters and printed emails from the general public, various human rights organizations, the American Bar Association, and members of Congress regarding whether or not detainees have *habeas corpus* rights. There is correspondence regarding the text of Executive Order 13440 - Interpretation of the Geneva Conventions Common Article 3. Also, there are legislative materials related to the McCain Amendment – Detainee Treatment Act of 2005. Additional documents present are routine publicly filed court documents related to detainees' lawsuits for *habeas corpus* rights, including *Rasul v. Bush*; *the United States of America v. John Walker Lindh*; *Hamdan v. Rumsfeld*; and *Hamdi v. Rumsfeld*. Reports included are a report on Guantanamo from the OSCE (Organization for Security and Co-Operation in Europe), an unclassified DIA (Defense Intelligence Agency) Analysis Report on Terrorism, the Final Report of the Independent Panel to Review DoD Detention Operations, a CRS (Congressional Research Service) report on the U.N. Convention Against Torture: Overview of U.S. Implementation Policy Concerning the Removal of Aliens, the Military Order of 11/13/2001, the Working Group Report on Detainee Interrogations in the Global War on Terrorism, DoD Directive number 3115.09 and redacted copies of CSRT (Combatant Status Review Tribunals) hearing transcripts. In addition, statements and remarks include a compilation of United States Government statements on military tribunals and due process, a summary of major enemy POW protections, remarks by Alberto R. Gonzales to the American Bar Association's Standing Committee on Law and National Security, and a presentation on the Status of CSRT and Detainee Treatment.

It should be noted that many of the documents listed here have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

Please note that a portion of classified records related to this request has not yet been processed. Additional records will be provided as they become available.

### **System of Arrangement**

The materials in FOIA 2014-0223-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

Documents responsive to this FOIA were found in these collection areas: White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at [www.georgewbushlibrary.smu.edu](http://www.georgewbushlibrary.smu.edu)

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
