S. 1 – Disposition of amendments

02/01/13

SPONSOR	SUBJECT	DESCRIPTION	ACTION
Harkin (360)	IDEA funding	IDEA Full-funding – requires authorization and mandatory appropriation of \$8.8 Billion in FY 2002 and rising authorization levels and mandatory appropriations annually to \$23.8 Billion in FY 2011.	Passed on a voice vote
Collins (359)	Reading First	Technical corrections on Reading First	Passed 100-0
Jeffords (361)	Title I testing "trigger"	Title I testing "trigger" – States can defer implementation of Title I assessments if Congress fails to appropriate at least \$370 M in FY 2002 and increase the appropriation levels by \$10 million annually to \$430 M in FY 2008.	Passed 93-7
Dodd (365)	Title I-A authorizations	Raises Title I authorization levels to \$15 billion in FY 2002 and annual increases of \$3.286 billion to \$44.164 B in FY 2011.	Passed 79-21
Byrd (373)	Grants to reduce alcohol abuse	Authorizes \$25 million for competitive grants to LEAs to reduce alcohol abuse in secondary schools.	Passed on a voice vote
Craig (372)	State making AYP as a condition for increased funding	Would permit a State to receive an increase in its Title I-A funding (over the previous year's level) for any fiscal year only if the State had made "adequate yearly progress" (AYP), as defined by the State under section 1111, for the previous year. In no case, however, would this provision result in a State receiving less for any fiscal year than it received for 2001.	Defeated 73-27
Kennedy (375)	Title II authorization levels	Raises authorization levels for Title II of the ESEA, starting at \$3.5 billion for 2003 and increasing in increments of \$500 million to \$6 billion for FY 2008 (as opposed to \$3 billion for FY 2002 and such sums as may be necessary for the following years).	Passed 69-31
Allen/Warner (380)	Education IRAs	Sense of the Senate on educational opportunity tax relief.	Passed on a voice vote

S. 1 – Disposition of amendments

02/01/13

Warner (383)	Tax relief for out-of-pocket expenses for teachers	Sense of the Senate that legislation should be passed providing educators with tax relief for out of pocket expenses. He mentioned that he would pursue this in a substantive way on the tax bill.	Passed 95-3
Feinstein (392)	Master Teachers	Allows States to use Title II funds for programs or activities for Master Teachers.	Passed on a voice vote
Mikulski (379)	Community Technology Centers	Authorizes \$100 million competitive program for Community Technology Centers (which the Administration consolidates into the Educational technology State Grants program)	Passed 50-49
McConnell (384)	Teacher lawsuit immunity	Teacher lawsuit immunity provision. Differs from Administration provision. Under McConnell, the immunity offered teachers is contingent upon their having acted "in conformity with local, State, and Federal laws and regulations" in the first place; the amendment expressly states that no immunity is provided for a teacher's conduct "for which the defendant has been found to have violated a Federal or State civil rights law." In contrast, the Administration's provision would plainly bar monetary damages against a teacher (in his or her private capacity) arising under a Federal civil rights law so long as the teacher had not violated State law and hadn't acted criminally or recklessly.	Passed 98-1
Wellstone (403)	Multiple measures of assessment	Requires State assessments under Title I to involve multiple up-to-date measures of student performance, including measures that assess higher-order thinking skills and understanding.	Passed 50-47
Lincoln (451)	Sense of the Senate on Bilingual Education	This amendment expresses the non-binding sense of the Senate that Congress should appropriate \$750 million for bilingual education for 2002 (instead of the \$700 million authorized in the Jeffords substitute). Second, it sets specific authorization levels for bilingual education (in lieu of the "such sums" in the Jeffords substitute) that go from \$1.1 billion for 2003 to \$2.8 for 2008.	Passed 62-34

The Center would "...carry out emergency response, anonymous school hotline, consultation, and information and outreach activities with respect to elementary and secondary school safety..." The Department would be required to make available \$15,000,000 from amounts appropriated to carry out title IV, while the Justice Department would make available \$35,000,000 from amounts appropriated for programs administered by the Office of Justice Programs.
