The United Nations International Conference on Financing for Development in Monterrey, Mexico in March 2002

Extent

101 folders, approximately 10,255 pages

Access

Collection is open to all researchers. Access to George W. Bush Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processing by

Staff Archivists, 2018. Previously restricted materials are added as they are released. Last Modified: 11/20/2018

Scope and Content

The materials in FOIA 2016-0045-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2016-0045-F requested materials related to the United Nations International Conference on Financing for Development in Monterrey, Mexico in March 2002.

This FOIA contains schedules, calendars, routing memos, briefings, information sheets and lists, reports, speeches, trip books, fax cover sheets, pool reports, call logs, fact sheets, press releases, published articles, unclassified cables, transcripts, Q and As, forms, tracking spreadsheets, website printouts, talking points, menus, maps, seating charts, administrative printed emails, charts, and notes. The majority of this request is comprised of planning materials related to travel

by President George W. Bush and Mrs. Laura Bush to the United Nations International Conference on Financing for Development. These materials include draft and final schedules, draft and final event scenarios, event diagrams, and contact information lists. Also included are lists of event attendees, images of event locations, biographical information about event participants, Department of State country profiles, press briefing books, draft and final press schedules, and a site survey team schedule. Additionally, a large part of this FOIA is comprised of materials on trade and development, and materials on official development assistance (ODA), including white papers and factual reports on global trade. There are also several copies of the Monterrey Consensus in final and draft form, released by the United Nations General Assembly, and copies of the United Nations Millennium Declaration Resolution. Also included is the 2001 Report of the High-Level Panel on Financing for Development, commonly referred to as the Zedillo Report. Lastly, the final draft of the speech given by President George W. Bush at the United Nations International Conference on Financing for Development is included.

It should be noted that many of the documents in this FOIA have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2016-0045-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
