### Introduction

This guide includes the principle files at the George W. Bush Presidential Library that contain material relating to the Global War on Terror that have been processed and are available for research. “The Global War on Terror” is a term used to refer to anti-terrorism efforts undertaken by the George W. Bush administration in the wake of the September 11<sup>th</sup> terrorist attacks.

This guide is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files.

This guide identifies materials that have been opened for research through systematic processing or under a Freedom of Information Act (FOIA) request. Check the [George W. Bush Presidential Library website](#), as it is constantly updated with new [finding aids](#) and [digitized content](#). If records are available digitally, a link has been provided.

To key-word search digitized content from across the National Archives and Records Administration, visit the [National Archives Catalog](#). To see material exclusively from the George W. Bush Presidential Library, perform an [Advanced Search](#) selecting *George W. Bush Presidential Library* as the Location of Archival Materials.
