## *The Voice of the People...*

"My name is [b(6)] I'm from Apalachin, New York and I took my two little girls to voting booth yesterday, and I let my daughter help me pull the lever for the President. Then we stopped at church and prayed together for our nation and President Bush."

"Mr. Ashcroft should remain as Attorney General, because let's face it...he's such a hottie." (female caller from New Jersey)

"If Mr. Toomey were our Senator in Pennsylvania, President Bush would have carried our state. We definitely should not make another mistake of letting Specter stop pro-life judges from getting confirmed."

"President Bush...we are so very proud of you! We fasted and prayed for your election. We feel so great

about America's future. We will accomplish great things together!"
