Staff Archivists, 2024. Previously restricted materials are added as they are released. Last Modified: 05/06/2024

Scope and Content

The materials in FOIA 2024-0076-F are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 2024-0076-F requested materials related to the National Catholic Leadership Forum on April 24, 2001.

This FOIA primarily contains Karl Rove's talking points for the event, an event schedule, and a printed report and an article on Catholic political leanings. Electronic records consist of Catholic leadership conference call agendas mentioning the forum and meeting summaries, invitations to the forum, forum schedules, RNC daily and weekly reports, a RNC first 100 days document, and news articles with comments.

System of Arrangement

The materials in FOIA 2024-0076-F are a systematic body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – Staff Member Office Files and George W. Bush Presidential Electronic Records.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.

The following is a list of electronic search results lists (SRLs) and folders processed in response to FOIA 2024-0076-F:
